

Cherish your life, Cherish your health!

ELEKTRO GENESIS ME LLC

Cherish Your Life, Cherish Your Health!

ELK630 PORTABLE COLOR DOPPLER DIAGNOSTIC ULTRASOUND SYSTEM

Who we are

Elektro Genesis ME LLC has emerged as a leading force in the medical equipment industry, rapidly growing from its modest origins in the Middle East to become a multinational powerhouse. As one of the largest distributors and suppliers of medical equipment across Africa, GCC, and the Middle East, we have established an unrivaled reputation for reliability and quality.

Our Reach:

Operating in multiple countries, including Ghana, Kenya, Uganda, Liberia, the United Arab Emirates, and Zambia, we have built a strong presence in key markets. Our extensive distribution network ensures that healthcare professionals in these regions have access to cutting-edge medical instruments and devices.

Our Commitment:

At Elektro Genesis, our unwavering mission is to provide customers with medical equipment built to the highest standards, without compromise. We take great pride in the longstanding relationships we have cultivated with our clients over the past 20 years. Their trust in our ability to deliver unmatched products and services sets us apart from the competition.

Our Mission :

Elektro Genesis is committed to delivering exceptional value to its customers worldwide by providing technologically advanced medical products of the highest quality at affordable prices. We aim to establish a comprehensive distribution network that serves clients across continents, including Asia, Europe, the Middle East, and the GCC. Through continuous innovation and a relentless focus on customer satisfaction, we strive to improve healthcare outcomes and enhance the well-being of individuals and communities globally.

Our Vision :

Our vision is to be a trusted leader in the global medical equipment industry, renowned for our unwavering dedication to excellence, integrity, and customer-centricity. We are driven to expand our product portfolio with state-of-the-art technologies that cater to the evolving needs of healthcare professionals worldwide. By cultivating strategic partnerships and leveraging our expertise, we aspire to shape the future of healthcare delivery, offering innovative solutions that positively transform patient care and outcomes. Together with our valued clients and partners, we envision a healthier and more accessible healthcare landscape spanning across continents.

ELK630 PORTABLE COLOR DOPPLER DIAGNOSTIC ULTRASOUND SYSTEM

Ergonomic Design

- 15" High Definition LED Hand Carried Color Doppler Ultrasound System
- Back light control panel, easy to use workflow for various applications
- Optional 3 probe extendible connectors for fast transducer change and activation
- Compact system & long battery life to access in every place needed
- Advanced Presetting, Measurement and Calculation Tools
- Supporting Multi-languages
- DICOM 3.0

Clinical Applications

- Abdomen
- Anesthesia
- Obstetric & Gynecology
- Urology
- Emergency Medicine
- Vascular
- Musculoskeletal
- Small Parts
- Cardiology

Imaging Mode

- B, 2B, 4B, M, B/M
- Anatomical M, CFM
- PDI/DPDI, PW, CW
- Triplex Mode

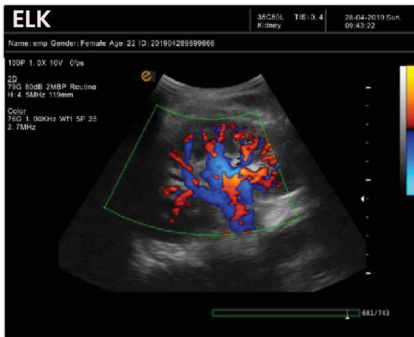

Imaging Technology

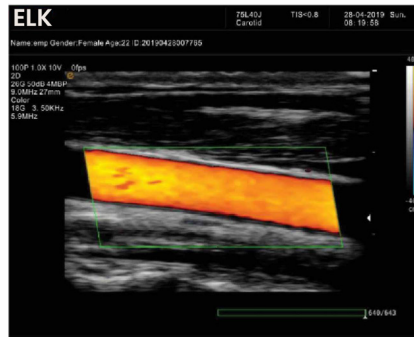

- ePure Unique Speckle Reduction
- eFCI Frequency Compound Imaging
- eSCI Space Compound Imaging
- eSpeed One Key Optimization
- eView Panoramic Imaging
- Trapezoid Imaging
- Tissue Harmonic Imaging
- Tissue Specific Imaging
- Needle Enhancement for Ultrasound-Guided Biopsy
- eHelper-Basic Ultrasound Scan Educational Software and more. . .
